

Palmer Electric to Renovate Electrical Systems for High-Rise Hotel

WINTER PARK, Fla., June 23, 2008—The special projects division of Palmer Electric Company announced today it has secured a \$1.8 million contract with the owner of the Lake Buena Vista Holiday Inn located on Hotel Plaza Boulevard in Lake Buena Vista, Fla. CIGLBV, LLC of Atlanta, Ga., chose Palmer Electric to provide site and building electrical, fire alarm and telephone/data systems for the two-building, 15-story complex. The electrical contract scope of services includes 231 guest rooms, common areas, back of the house areas, meeting rooms, ball rooms, and exterior electrical for roadway, pathway, building and landscape lighting. The project is scheduled for completion in January 2009.

Orlando, Fla.-based VOA Associates, Inc. is the project's architect. Matern Professional Engineering, Inc. of Maitland, Fla., is providing electrical engineering for the renovation.
