

## **Palmer Electric To Wire Lake County Apartment Complex**

WINTER PARK, Fla., June 30, 2008 — The multi-family division of Palmer Electric Company announced today its contract with general contractor CPG Construction, LLLP of Winter Park, Fla., for the wiring of Rolling Acres, an apartment complex in Lady Lake, Fla. Palmer's scope of services for the nearly \$1 million contract includes site and building electrical for the eight-building complex composed of two- and three-story structures housing 149 units along with a leasing center and maintenance building. The project is scheduled for completion in November 2008.

Rolling Acres Club, LLLP of Winter Park, Fla., is the project's owner. Architecture is provided by Slocum Platts/Architects Design in Winter Park, Fla., with electrical engineering provided by OCI Associates in Altamonte Springs, Fla.
