

Palmer Electric to wire 1500 SouthPark

WINTER PARK, Fla., December 17, 2008 — The commercial division of Palmer Electric Company has secured a contract from Brasfield & Gorrie LLC, a general contractor, to wire 1500 SouthPark, an office building located in SouthPark Center in Orlando, Fla. Palmer Electric's scope of services is composed of site and building electrical contracting including systems for fire alarm, access control and lightning protection. The four-story, 155,000-square-foot building is scheduled for completion in April 2009.

The Jacksonville, Fla., office of Flagler Development Company Land Holdings LLC is developing the project. HuntonBrady Architects of Orlando, Fla., is the architect. CHPA Consulting Engineers of Maitland, Fla., is providing electrical engineering. Palmer Electric has provided electrical contracting services for the construction of seven buildings in SouthPark Center.
