Palmer Electric Co. completes contract for new hotel

WINTER PARK, Fla., September 15, 2009 —The commercial division of Palmer Electric Company has completed its more than \$1.2 million contract for the electrical contracting for a new Residence Inn by Marriott on International Parkway in Lake Mary, Fla. Under contract with the general contractor, Welbro Building Corp. of Maitland, Fla., Palmer Electric provided site and building electrical for the six-story, 84,000-square-foot extended-stay hotel. According to Palmer Electric Commercial Division Vice President Van Tilley, the project was completed in 11 months.

Pinnacle Hotel Management is the project's developer. Memphis, Tenn.,-based Bounds & Gillespie Architects PLLC is the architect.
