## **Conenna promoted at Palmer Electric Co.**

WINTER PARK, Fla., September 9, 2009 — Palmer Electric Co. is pleased to announce the promotion of Steve Conenna to Operations Manager Commercial Division. Conenna has been employed by the Winter Park-based electrical services company since 2004 as a senior project manager. In his new management roll, Conenna is responsible for overseeing all project managers and superintendents, pre-fabrication and production procedures including pre-construction planning. He has 15 years of experience in commercial construction.

Conenna has an Associate of Science in Drafting and Design from Valencia Community College, and completed a four-year electrical apprenticeship program.
