Palmer Electric Company selected to wire church

WINTER PARK, Fla., June 10, 2009 — The commercial division of Palmer Electric Company has secured a nearly \$300,000 contract with H. J. High Construction Company for the electrical contracting for North Park Baptist Church located in Baldwin Park in downtown Orlando, Fla. Under its scope of services, Palmer Electric is providing site and building electrical services for the new two-story, 18,000-square-foot facility composed of worship space, classrooms, a pre-school and administrative offices. The project is scheduled for completion in November 2009.

Orlando-Fla.-based Cuhaci Peterson Architects Inc. designed the church.
