

Palmer Electric Company promotes Howard to manage two divisions

WINTER PARK, Fla., January 26, 2009 – Palmer Electric Company is pleased to announce the promotion of Ronald G. Howard, Jr. to manager of the service division and the special projects division. Howard, who joined Palmer in 1998, previously served as assistant manager of both divisions. His new responsibilities include managing operations, scheduling, quality control and staffing. Howard has 21-years of experience in electrical contracting. He is a graduate of the electrical contracting program at Mid Florida Tech, and is a Florida licensed journeyman electrician. Additionally, Howard graduated from the Construction Management and the Electrical Inspection programs at Valencia Community College, Orlando, Fla., completed the Construction Management Academy program at Clemson University, Clemson, S.C., and completed the mini MBA program at Rollins College, Winter Park, Fla.

Ronald G. Howard promoted to manager of services division and special projects division at Palmer Electric Company, Winter Park, Fla.
