

Palmer Electric to wire homes for David Weekley Homes

WINTER PARK, Fla., January 29, 2009 — The residential division of Palmer Electric Co. has secured a contract with David Weekley Homes to provide electrical contracting services for single-family homes at Belle Vista, a gated community located on Lake Conway in Belle Isle, Fla. Palmer Electric's scope of services includes estimating, electrical wiring and lighting fixture installation. Lighting fixtures for the project are being supplied by Palmer Electric's sister company, Showcase Lighting and Home Décor Center in Winter Park, Fla. The estimated completion date for the subdivision is July 2010 based on home sales.

Belle Vista is a lakefront community offering ten floor plans of single-family homes ranging from 2,582- to 3,865-square-feet.
